Hi Steven,

I'll check with the agency which supplied us total station and get back to you.
What was that they promised to send us? It was tape or something?

Regards
JJ

Hi JJ,

The survey equipment vendor should provide us (free of charge) a level for the fiberglass rod. The level looks like this.

As we discussed on Wednesday, here is a photo of the steel tape. We would like two (2) tapes of these at least 50 m long.

I would also like 4 string reels

And 4 plumb bobs.

If available, leather pouches (4) for the plumb bobs and the string reels.
